I. Welcome

II. Updates from ASG

A. Safety and Wellness Event: "Come Up Town with Us"

- iii. What: It will be a mock up town with booths for Title IX, Office of Dean of Students, Office of Student Wellness, Student Counseling Services and many more. Each booth will have information for students about going out safely as well as their own fun activity and soda drink (this will be like dr.pepper and vanilla or sprite and cherry syrup...). As well they will have a creative fake bar name i.e., bar 1868 → Miami 1809.

II. Old Business (55 minutes)

A. Secretary Position Discussion, *Nyah Smith, Student Body President*

Previous minutes for review: [2023/11/19 ASG Executive Cabinet Meeting Minutes - Google Docs](#)

1. Thoughts on a timeline
 - a) Secretary Marcum: Not rushing through this process.
 - b) Secretary Ogunnowo: If we wanted to restructure right now, we could but it may be better to do so in the Fall Semester. Scott can help drive the conversation with the new team
 - c) Scott Walter: Been thinking about it over the past years, it could be something the next group knows is coming their way. I'd rather do it correctly
 - d) Student Body President Smith: Restructure and then give a plan to the next year's cabinet. We could do the work now and potentially have senate vote on it for the next semester.

- e) Parliamentarian Davies: If the ideas we have do get thrown out by next year's cabinet, then they may not have been the best to begin with. They have to be viable – the final product has to have broader appeal. In the past when they did these sorts of things, they had town halls to get broader feedback on this stuff.
- f) Scott Walter: Identifying positions to see if they can combine. And then they take a year to figure out how they merge.
- g) Student Body Vice President Jefferson: See what positions can be merged first.
- h) Secretary Marcum: Like this semester is an audit semester somewhat to see how it works out.
- i) Secretary Ogunnowo: It would be rushed if we do it this semester, but it seems like we have sort of already done the audit. It's not impossible, but it would be rushed, it would be nice to have a plan to go to other people, and it's okay wherever we stop.
- j) Scott Walter: It can go into the summer, and it can be worked on.
- k) Student Body Vice President Jefferson: Thinking about when to combine might be better in the spring, so people know what their position is and how it works with other cab members.
- l) Speaker of the Student Senate Bakshi: It seems like there is a cycle that continues where we keep running out of time each year. If we are seeing overlaps, having a secretary and then an assistant as well. So that the roles are just slightly modified. Then taking a step in seeing what the positions are doing and then combing from there.
- m) Student Body President Smith: The reality is senioritis and elections being so soon, it can cause difficulty in pushing to the end. Hand out a sheet – what positions are critical, what

your position does, etc. The general idea seems to be that doing a restructure would be rushed and chaotic.

- n) Student Body Vice President Jefferson: There's a difference in falling through, so maybe it would be better to think about next year – for next year's elections.
- o) Speaker of the Student Senate Bakshi: Also think about this year's senate. It will probably be pushed back again.
- p) Student Body President Smith: Getting hit with resistance and so to rush and to get resistance would seem to be a waste of energy.
- q) Secretary Ogunnowo: What will the dynamic be like for next year?
- r) Student Body Vice President Jefferson: Open communication would be needed, and if it is sudden issues can arise.
- s) Student Body President Smith: People would start thinking about running in the fall, and it could make it difficult to envision. But if we start having the conversations, it will help to make transitions easier. And even if it isn't communicated people will still think about what transition would be and look like. Would we possibly present it to the next year's group, or have it presented to senate for the change to be implemented in Spring 2025.
- t) Secretary Marcum: For action steps, do we send out those questions to answer questions about your position? The we can present to senate like a feedback panel, so that cabinet can go into the next year with what is being envisioned for the next year.
- u) Speaker of the Student Senate Bakshi: Worried about if the next cabinet hates the idea and that would be a waste of time and energy for us.

- v) Secretary Marcum: So do we solidify the structure? So I think we should give them a plan and then reflect and take a cabinet meeting to do this.
- w) Speaker of the Student Senate Bakshi: We could have an ad hoc committee that works on this. So this is more formal. I would suggest an ad hoc committee – go research, talk with people, let them propose ideas. This will involve the senators, and we will have someone who will work on it.
- x) Student Body Vice President Jefferson: I feel like if we do an ad hoc committee senators will feel more heard.
- y) Speaker of the Student Senate Bakshi: We have our own positions, we might not be able to dedicate all of our time to it. So let senators feel like they are the legacy and that we can help along the way.
- z) Secretary Ogunnowo: I like the idea of an ad hoc committee, but we know our own roles. So we could create a draft plan, and present it to senate, before sending a formal plan to senate. And we can take back all their comments, and then have a more intentional discussion.
- aa) Chief of Staff Isphording: I can see the benefit in an ad hoc committee because it does help with more senator input.
- bb) Student Body Vice President Jefferson: So have 2 discussions, one before and after presenting to senate.
- cc) Secretary Payne: We have to be aware of the senate meetings we have left.
- dd) Speaker of the Student Senate Bakshi: I was thinking it would be a good idea to have cabinet to come in and talk about their positions, before they decide to run for their positions. Like tell them the things they wouldn't know by reading the bylaws. So a networking event. So I just wanted everyone's thoughts on this. I had it scheduled for March 12th. Senate retreat is on the 13th, you aren't expected to come. We will be presenting the IOB and then have it voted on the first meeting.

ee) Student Body President Smith: The only thing regarding receptions, what if one person comes up and steals you for the whole time. People will still want to reach out after. So think about your alls time. I do like the panel is a really good idea, but then we question about what we do about people running outside of senate?

ff) Secretary Marcum: The newsletter helps.

gg) Secretary Ogunnowo: If we have a panel and a reception we can do it in the pavilion so everyone could attend.

hh) Speaker of the Student Senate Bakshi: The only thing with that is will the pavilion be open?

ii) Secretary Marcum: We can talk about that.

jj) Student Body President Smith: Okay in terms of restructuring the cabinet, I am going to make the executive decision to not restructure this year. We can take the feedback given and then create a google form (A poll) and then figure it out. This will allow you all to reflect and think about what can be worked on. I am **going to pass a sheet out, I expect you to have it complete by the next cabinet meeting! 02/18/2024 from 3 to 4pm**

kk) Student Body President Smith: I thank you for all your feedback with this!

III. New Business (40 minutes)

A. Ice Breaker/Welcome Back! *Nyah Smith, Student Body President, Jules Jefferson, Student Body Vice President*

B. Revisiting Goals and Expectations, *Jack Isphording, Chief of Staff*

1.  Copy of ASG Exec Cabinet Expectations (Email)
2. There will be a slight change to "Executive Cabinet Structure" in the pdf which is discussed in the next agenda item.
3. 1.) Review expectations with everyone all together (with that linked document) 2.) Everyone is to revisit their initiatives they ran off of

before the cab meeting, and then discuss it a little bit to see if anyone needs help, direction or feedback.

C. Updated 'Report' Section Protocol, *Jack Isphording, Chief of Staff*

1. After discussion with Cab over the break, we will stick with bi-weekly meetings. However to ensure we are making the most of our time, we are limiting all members to 1 minute and 30 seconds for reports. Exceptions are follow up questions or if you feel your report will take longer than 1 minute and 30 seconds (clear this with me).
2. To compensate for the reduction of report time it is crucial to read through the reports given before Cabinet meetings and follow up during or after the meeting. Only report things aloud that you feel are necessary to be heard by all cab members. Besides, cab members will be responsible for reading your reports.

IV. Reports (23 Minutes)

A. Chief of Staff Jack Isphording

1. Will be contacting TMS soon for interviews with some cab members. I will reach out most likely in mid-February
2. Feedback forms – sent over the break, look over them
3. [USenate](#) - I need you all to look through the linked sheets and tell me what needs to be updated (such as if you are still doing USenate or if someone in your committee cannot be in USenate. Take a note of it and send me a message in Slack!
