

SENATE AGENDA

01/27/2020 Joslin Senate Chamber

- I. Call to Order
- II. Two Minutes of Silence

- III. Roll Call
- IV. Announcements from the Chair
 1. Speaker Siegel: I will continue doing senator of the week
- V. Consent Calendar
 1. Approval of Student Senate Minutes from December 3rd
 2. Approval of Executive Cabinet Minutes from January 26th
 3. Approval of Steering Committee Minutes from January 26
 - I. Sen. Finfrock motions to approve
 - II. Motion passes
- VI. Student Concerns
 1. Speaker Siegel: there is a difference between a complaint and a concern. If there is something like issues with residence halls, think about if it's truly student concerns and systematic issues that we can help with
 2. Sen. Sarfino: they make milkshakes with only chocolate milk
 3. Speaker Siegel: that is acknowledged and I expect you'll send an email
 4. Sen. Capriolo: during move in people have issues with crowded dorm halls. I think having the \$35 deters people who need to move in earlier. I think having only one move in day is an issue
 5. Sen. Petrella: we were told they will not support earlier move in due to safety concerns
 6. Sen. Bosworth: RAs are there earlier because Friday and Saturday are RA in services and days for the Ras to get ready for the semester

7. Sen. Barr: the school needs to take precautions to help combat the health issues going around campus at the moment
8. Sen. Moleski: if the school does respond to that, I hope that the measures make sense
9. Parliamentarian Hankins: in President Crawford's email, he included a call line for any concerns
10. Speaker Siegel: this will be addressed in Safety
11. Senator Frye motions to commit Senator Capriolo's concern to on-campus
12. Motion passes
13. Sen. Moleski: when you submit a Title IX report, the respondent can read the reporter's report and that's an issue
14. Sen. Doepke motions to commit Sen. Moleski's concern to safety
15. Motion passes
16. Sen. Waugh: the newest safety bulletin didn't have the updated bulletin facts
17. Sen. Doepke: I'll be talking to Gabby about that
18. Sen. Elghazawi: the funding applications for orgs are too early
19. Sen. Bosworth: over the winter we sweep back all the funds so those funds are available
20. Sen. Petrella motions to commit Sen. Elghazawi's concern to funding and audit
21. Motion passes
22. Sen. Stein motions to end student concerns
23. Motion passes

VII. Report A: Annika Fowler, *Chief of Staff*

1. Chief of Staff Fowler: ASG's co-sponsored blood drive is next month on February 11th. The community blood center hosts this for 23 different hospitals including McCollugh-Hyde. It will be in Armstrong Pavilion A&B. The entire process will take an hour. You will sign up online to donate. I'll drop the flyer in the slack. We need about 100 appointments to make sure they have 50 donors for the drive
2. Sen. Capriolo: is there any way we can help that doesn't include donating blood?
3. Chief of Staff Fowler: you can spread the graphic and volunteer to help with the tabling at the event

VIII. Report D: Andrew Devedjian, *6th District Off-Campus Senator*, Reena Murphy, *5th District Off-Campus Senator*

1. Sen. Murphy: as you guys know last semester we passed legislation that requires voter registration forms at all ASG tables.
2. Sen. Devedjian: students can vote in their home district or in Ohio. Do not tell people where to vote. Make sure students know their dorm address. Don't push people to register to vote. Ask if students have updated their addresses.
3. Sen. Murphy: if they say "I think so", just have them fill out the form. It's better to be safe than sorry
4. Sen. Devedjian: remember voter registration is a non-partisan activity. We could lose our legal ability to register people to vote. Inform students of absentee forms for the state they're registered. Make sure the students put their completed forms in the folder directly; do not hold it yourself. Make sure they complete the forms in black or blue pen. Students cannot fill out registration forms and absentee ballots at the same time. Do not restrict access to registration. Remind students they need proof of address to vote in person if they are voting in Ohio. We will put out more

information about voter registration. February 18th is the deadline for Ohio registration. March 14th is also the deadline for absentee ballots in Ohio. March 17th is the primary date

5. Sen. Bosworth: do I have to declare my party in Ohio?
 6. Sen. Murphy: no
- IX. Report B: Dan Bosworth, *Farmer School of Business Academic Senator* Iman Elayyadi, *Senator At-Large*, Shelby Frye, *8th District Off-Campus Senator*
1. Sen. Frye: the Dean's Advisory Board is beginning the Love & Honor Story Project where you can nominate someone you feel is doing a great job and there will be awards given at the end of the semester at the SEAL awards
 2. Sen. Bosworth: I sent the graphic and the nomination form in the Slack and encourage everyone to fill it out
 3. Sen. Stein: can faculty nominate a student?
 4. Sen. Bosworth: no. Only current students can
 5. Sen. Devedjian: why not?
 6. Sen. Bosworth: it's more of a peer-to-peer recognition program
- X. Report C: Jack Farag, *8th District On-Campus Senator*
1. Sen. Farag: this is an update on an initiative I was working on last semester. The North Quad fitness center used to be open from 2 PM to 10 PM. I sent out a survey and got over 200 responses. They will not be open from 7 AM to 9:30 AM on a trial period until spring break to assess for next year
- XI. Report E: Sarah Siegel, *Speaker of Senate*
1. Speaker Siegel: touch base with the people you were working on initiatives with last semester and if you have anything new add more. Remember about quality over quantity
- XII. Old Business
- XIII. New Business
- XIV. Special Business of the Day
- XV. General Announcements
1. Senator Finfrock: DAC executive positions are open to apply for
 2. Sen. Sarfino: I'll notify you guys of the black history month events going on next month that senators should be attending
 3. Sen. Bosworth: ask people to run for senate!
 4. Sen. Waugh: the first ASG funding hearing is next Monday and applications are due Friday
- XVI. Adjournment

Agenda:

- Intentions for the semester
 - What are our goals as a committee?
 - What time should we meet?
- [SBP/VP Packet](#)
 - Need to formally write out Appendix A: Institutional Resources for Campaigns
 - Figure out how to incorporate the Expense / weekly reports within the document
 - Need to define a campaign ban
 - Election period
 - Other things?

Minutes:

I. Intentions for the Semester

- A. Siegel: We're going to have a busy semester. Let's discuss what we're doing, how we're doing it, and why we're doing it. Open discussion. My intention is to help committee survive.
- B. Villanueva: Met with Joe Trivette. He wants GRN and ASG to be more collaborative. Nobody really knows what the GRN really does and he thinks ASG is a good fit to collaborate with.
 1. Siegel: I have some thoughts from after the meeting. Maybe they could help with the SBP Debate.

Sarah Siegel
Speaker of Senate
Associated Student Government
Miami University
Armstrong Student Center
Room 2012
Oxford OH, 45056

- C. Giang: [Is joining the club frisbee team]
 - 1. Siegel: I'll send you the practice information.
 - D. Giang: For the special elections coming up, how can we limit/effectively manage the debate?
 - 1. Siegel: We'll spend time talking about that at next week's meeting.
 - E. Murphy: My big thing is ranked-choice voting (RCV) education. Not much left to do in Elections Committee besides getting candidate information on the ballot on the Hub.
 - 1. Siegel: We should talk about transparency.
 - 2. Murphy: We should potentially publish each round of voting. Are they normally published.
 - 3. Siegel: Yes. *The Miami Student* asks.
 - F. Elghazawi: Making sure RCV goes as smoothly as possible.
 - G. McCarthy: Making sure RCV is going well.
 - 1. Villanueva: You don't show up to meetings.
 - H. Hankins: I think getting as much information on the candidates in the Hub at the point of voting is an important priority.
- II. Spring Semester Meeting Time
- A. Siegel: 6:00 P.M. on Mondays is our new meeting time. This semester, our meetings will be weekly. If there are weeks where there isn't much on our plates, we won't meet that week. Sec. Sassan and Sen. Bosworth should be okay with the new meeting time.
 - B. Sen. Bosworth is okay with this
- III. February Special Elections
- A. Elghazawi: If we don't fill five seats, does that automatically trigger another special election?
 - 1. Siegel: Probably. Let's assume that won't happen.
- IV. SBP Elections Packet

Sarah Siegel
Speaker of Senate
Associated Student Government
Miami University
Armstrong Student Center
Room 2012
Oxford OH, 45056

- A. Siegel: This week and next week we'll finalize the SBP packet. It should be pretty much finalized tonight. I'll send it out in next Monday's meeting materials if possible. We'll be presenting it at that meeting (February 4). Once passed, the packet will be released the week after that.
- B. Siegel (cont.): Student Body President Debate date is in flux. Planned for the 11th but we'll do it the 12th if Janus Forum conflicts (space is booked for both dates).
 1. Elghazawi: Let the record reflect that Speaker Pro Tempore Villanueva called me a "clown" over text during this meeting.
- C. Siegel: My plan is to add the SBP candidates to the Slack as "guests."
- D. Siegel (cont.): Some key things I want to touch on in the packet. Write out institutional resources section. Consider a language change between "expense reports" and "weekly reports." Define what a campaign ban consists of. Decide on what the election timeline should be. Let's break into groups to write the first three and come back together to decide the timeline.
 1. Edits were made to the proposal for 2020-2021 SBP/SBVP Elections Rules. Majority decisions of the committee will be reflected in the final text.

 - Representation is key so creating a formal way to implement that into ASG would be good
 - Report back from UCI meeting

Sen. Weiss	Alumni		
Sen. Frye	Governmental Relations	On-Campus	
Sen. Barr	On-Campus	Safety	

Sen. Tyree			
Sen. Grubb			

3:30 Hankins: Ensuring liaisons reach out to the committee chairs

B. Senate Leadership Reform

3:31 Hankins: Pet peeves when com chairs run on great ideas then make the committee about those ideas

3:32 Hankins: Bearing that in mind, senate leadership reform and opening the conversation on it.

3:32 Frye: Reform is to be had, and open to looking at what it should look like. First step, looking at the overlap of committee jurisdictions; perhaps consolidation and looking at the committees that exist. Appointment of vice-leadership for committees that have broad purviews, ie On-Campus has housing and dining and parking etc. Also thinks that in terms of money to disperse the work and leadership opportunities.

3:36 Weiss: Where the money would come from?

3:36 Frye: If consolidating, money used could be re-allocated to those sub-leaders.

3:36 Weiss: In brief judgement things are okay, but discrepancies arise in terms of where concerns are sent.

3:37 Frye: Especially in terms of committees where there are less to do they can be consolidated

in terms of efficiency.

3:38 Kennedy: Why can't concerns go to multiple committees?

3:38 Frye: They can but we don't do that as it's harder to keep their work unified and efficient.

3:39 Weiss: Can joint committees work to address issues?

3:40 Hankins: Yes technically or sort of ad-hoc but it hasn't worked in past. Issues arise too in terms of supremacy and direction thereof.

3:40 Weiss: To eliminate positions, what would Hankins do?(Hypothetically)

3:41 Hankins: I don't know enough but based on prior conversations there are some that could be consolidated, ie Alumni and Communications, or Safety and another, and INS and another. GNR should probably go under off-campus. The question also arises as to the scale of reform. The passability of any reform should be considered and it creates an issue in Senate especially in terms of people being tread on.

3:43 Barr: Immediate comprehensive reform vs incremental change

3:43 Hankins: If we do something bigger and more comprehensive, we need to think about how it gets implemented going into future, especially keeping members that will continue it successfully forwards. Bringing people in who are able to fill the role of facilitating that change.

3:45 Frye: Reform backdoors is big bad idea- we need to be open and discussing it going forwards due to the issues faced in past with keeping it under wraps. Explaining it to incumbents is also very important

3:46 Weiss: What were the past incidents?

3:47 Hankins: There have been some incremental reforms in past, ie Sen. Frye's instatement of SecSafety. Cabinet last year was determined to be over-encumbered and last year it wasn't managed to be put together in time. Furthermore, it was done cliquish and closed-off which created the issue whereupon we couldn't adequately discuss it without bringing up sore memories.

3:49 Resolved: 4-0 that we should do something about reform

3:51 Starting at meeting on 4th we'll bring it up to discuss it generally and broadly with senate

C. [Proposed Student Body President Election Rules](#)

3:52 Hankins: Big oof

3:52 Hankins: Pin in the elections discussion til later

V. Backburner

A. [Annotated Bylaws](#)

3:53 Hankins: Looking at and updating bylaw annotations, division of duties within

3:59 Resolved: Have it done by end of February?

1. [Choose wisely](#)
2. Date to be completed

B. Special Election Process

4:02 Hankins: We [censored] up the special election process, maybe we should be looking at different ways to do it? Possibilities: More elections throughout the year?
Campus-wide Elections/By-Elections?

VI. Roundtable

4:04 Hankins: Anyone got anything?
